

simalube IMPULSE connect

Pressure booster for the simalube lubricator

The **simalube IMPULSE connect** is the latest generation of the pressure booster from the simalube family. The proven functions of the IMPULSE have been supplemented with the option of connecting the device to a smartphone via **Bluetooth**[®]. In connection with the newly developed «**simatec world of maintenance**» **app**, the devices can be easily configured and then monitored without having to be directly at the lubrication point. Information such as general status, fill level, lubricant, size, start and change date etc. is displayed to the user and easy to read in the app.

Description simalube IMPULSE connect
