**Description:** Biodegradable chainsaw lubricant on rapeseed oil basis, with excellent adhesion and wear protection properties.

**Application:**
- Bio chainsaw oil 68 is ideal for lubricating chainsaws at all operating and ambient temperatures.
- Thanks to the very high viscosity index with excellent viscosity/temperature characteristic, this chainsaw oil ensures efficient lubrication at all operating and ambient temperatures.
- Also ideal for other lubrication points requiring oil with good adhesion properties.

<tbody>
<tr>
<td>Biodegradable &gt; 90% within 21 days to CEC-L-33-T-82</td>
<td>Environment-friendly product: minimal environmental impact with optimally dependable operation.</td>
</tr>
<tr>
<td>Good penetration and excellent adhesion</td>
<td>the lubricant is not rejected by centrifugal force; ensures efficient ongoing lubrication of the chain and blade.</td>
</tr>
<tr>
<td>Outstanding lubrication, high load capacity</td>
<td>Cooling and lubrication viable with chainsaw equipment, limits wear, extends chain and blade life.</td>
</tr>
<tr>
<td>Excellent viscosity/temperature characteristic</td>
<td>Ensures dependable operation at all operating temperatures.</td>
</tr>
<tr>
<td>Contains anti-corrosion additives</td>
<td>Effectively protects metallic components against corrosion Rapidly penetrates the chain links and pins to prevent wear.</td>
</tr>
<tr>
<td>Bio chainsaw oil 68 meets</td>
<td>Bio chainsaw oil 68 combines the properties of a first-class chainsaw with the best environmental performance in one product.</td>
</tr>

**Safety and environmental aspects:**
- Old unusable bio chainsaw oil 68 must be disposed of according to the «Decree on Waste Disposal» (VeVA).
- EC-waste code: 13 02 07
- ADR/SRD: Not classified as hazardous
- Precautions: slightly water endangering. Do not allow to get into waste water, ground water, surface water or the soil.

**Physical/chemical data:** See verso
Bio chainsaw oil 68
Art. 736

Physical/chemical data:

- **Viscosity at 40°C:** 60 mm²/s DIN 51562
- **Viscosity at 100°C:** 13.2 mm²/s DIN 51562
- **Viscosity index:** 228 DIN ISO 2909
- **Specific gravity:** 0.921 g/cm³ DIN ISO 12185
- **Flashpoint:** 279°C DIN ISO 2592
- **Color, appearance:** yellow, clear
- **Odor:** neutral
- **Pour point:** -34°C DIN ISO 3016
- **Maximum storage time:** 2 years (in sealed drum, cool)
- **Biodegradability:** > 90% within 21 days to CEC-L-33-T-82
- **Brugger pressure resistance:** 39 N/mm² (390 bar)

**Container sizes:**
- **Drum:** 50 kg • 180 kg
- **Canister:** 10 kg • 25 kg
